ACKNOWLEDGMENTS

The Ministry of Environment, Lands and Parks wishes to acknowledge three partners whose contributions were invaluable in the completion of the *Aboriginal Water Rights Report Series:*

The Ministry of Aboriginal Affairs, was a critical source of funding, support and direction for this project.

The U-Vic Geography Co-op Program, was instrumental in providing the staffing resources needed to undertake this challenging task. Through the services of June Whitmore and her office, the project benefited from the research, writing, editing and co-ordination of these outstanding students:

Jas Gill
Julie Steinhauer
Kelly Babcock
Daniella Mogus
Miranda Griffith
Christina Rocha
Rachel Abrams
Elizabeth Lee
Sara Cheevers

The services of Clover Point Cartographics Limited of Victoria, was responsible for the preparation of most of the map drawings, which form a valuable part of these documents.

In addition to these three key partners, I must acknowledge the valuable contributions of other Water Management staff, past and present, including Jack Farrell, Jim Mattison, Richard Penner, Diana Jolly, Greg Blaney, Gary Lucas and Kim Johnston.

The sheer numbers of First Nations groups' with histories of water rights made the completion of the Report Series seem, at times, prolonged. The determination, patience and vision of the partners was essential in the completion of the Series and is gratefully acknowledged.

Gary Robinson
Project Manager
Water Management Branch

FIRST NATIONS WATER RIGHTS REPORT

BAND: Seton Lake

ADDRESS: Site 3, Box 76, Shalalth, B.C., V0N 3C0

CHIEF: Gary John

PHONE: 259-8227 **FAX:** 259-8384

AFFILIATION: Lillooet Tribal Council

LOCATION:

The Seton Lake Band occupies six separate reserves in the Coastal Mountains, along Seton Lake, west of Lillooet.

The six reserves are:

¥ Mission 5 - this 32.4 hectare reserve is located along the southern bank of Seton River, near Seton Portage, between Anderson Lake and Seton Lake.

¥ Necait 6 - this 31.9 hectare reserve is located west of Mission 5, at north end of Anderson Lake.

¥ Seton Lake 5A - this 350.4 hectare reserve is located on the north side of Seton River, near Seton Portage.

¥ Silicon 2 - this 46.5 hectare reserve is located on the north bank of Seton Lake, near Retaskit.

¥ Slosh 1 - this 690.6 hectare reserve is located at the west end of Seton Lake, near Shalalth.

¥ Slosh 1A - this 649.1 hectare reserve is located along the north border of Slosh 1.

Within the Coastal Mountains, these reserves sit at elevations ranging from 800 feet, near the Fraser River, to 4,100 feet above mean sea level, and experience a climate ranging from an average daily temperature of -5 to -10 degrees centigrade in January to 20 degrees centigrade in July. The average annual rainfall for this area is 50 to 100 centimetres.

The most recent population figures from the Ministry of Finance show the Seton Lake Band to have a population of 241 persons living on reserve as registered members. It's total population, including registered and non-registered members living on reserve, on crown land and off reserve is 546.

Water courses of significance include:

¥ Bear Creek, which is located east of Necait 6 and flows north into Seton River.

¥ Bridge River, which is located north of the Seton Lake Reserves and flows east into Fraser River.

¥ Carpenter Lake, which is located north of Slosh 1, and drains into Bridge River.

¥ Ohin Creek, which flows south, through Slosh 1 and Slosh 1A, and drains into Seton Lake.

¥ Olin Creek, east of Ohin Creek, flows south, through the eastern portions of Slosh 1 and Slosh 1A, and drains into Seton Lake.

¥ Omin Brook, which flows southeast, through Slosh 1 and drains into Seton Lake.

¥ Peters Creek, which flows south, and drains into Ohin Creek.

¥ Ptilla Creek, which flows south through the eastern portions of Slosh 1 and Slosh 1A, and drains into Seton Lake.

¥ Puck Creek, which flows southwest, through the eastern portion of Slosh 1 and drains into Seton Lake.

¥ Seton River, which flows east from Anderson Lake, through Necait 6 and Mission 5, and drains into Seton Lake.

¥ Spider Creek, which flows north, through Mission 5, and drains into Seton River.

¥ Tsee Creek, which flows south, through Slosh 1A and Slosh 1, and drains into Seton River.

¥ Whas Brook, which flows east, through the southwestern portion of Slosh 1, and drains into Seton Lake.

¥ Whitecap Creek, which flows southeast, through Seton Lake 5A, and drains into Seton River.

WATER ALLOCATIONS:

Water Rights of the Seton Lake Band have been recorded or affected by five actions of government over the years:

1) Allotments by the Indian Reserve Commissioners.

Following confederation, the Province and the Dominion established an Indian Reserve Commission to reserve lands for the Indians and for transfer of those lands to the Dominion. In setting apart lands for reserves, the Reserve Commissioners made it their practice to allot water with lands. It is understood that this practice was unique among Indian Reserves in Canada and the authority of the Commissioners to allot water rights has always been disputed by the Province.

An allocation granting fishing rights to the Seton Lake Band was also made by the Indian Reserve Commission. This portion of the Minute of Decision is outlined under the "Other Information" section of this report.

2) Lieutenant Governor in Council approval by Order in Council of the granting of water rights.

3) Determinations of the Board of Investigation under the *Water Act, 1914* of claims of the Department of Indian Affairs, and subsequent issue of water licences.

4) Granting of water licences from Federal Government applications for licences for the use of water on reserve.

5) Actions to amend rights under licences pursuant to provisions in the *Water Act.*

HISTORY, CURRENT STATUS, AND NOTES:

No indication has ever been made of any water licences having been granted to the Seton Lake Band with respect to Seton Lake 5A and Slosh 1A. In addition, no evidence is available to indicate that any allocation of water rights to these reserves has ever been intended.

The history of water rights, the current status of rights and notes for the Seton Lake Band with respect to the water sources on Mission 5, Necait 6 Silicon 2, and Slosh 1 are as follows:

MISSION #5 & NECAIT #6

Spider Creek

History:

Sept 3, 1881 Minute of Decision of the Indian Reserve Commission, constituting the Seton Lake Reserve, Mission 5,

> *"100 inches of water from Ne scar keat Creek* are reserved for the use of the Indians."*

*Note: The sketch accompanying the Minute of Decision shows Ne- scar-keat Creek in the same area as Spider Creek. Thus, Ne-scar- keat Creek may be Spider Creek.

*Note: The reference to an inch of water is understood to be a "miner's inch" of water. The *Water Act of 1914* defined a miner's inch as being equal to a flow of .028 cubic feet per second. This rate of flow over a 120 day irrigation season would be 6.664 acre feet for each miner's inch.

Dec 30, 1920 The Comptroller of Water Rights issued Conditional Water Licence 5291 to H. Graham, Indian Agent in accordance with his application. This licence was given a date of precedence of July 2, 1920, and authorized the diversion of 190 acre feet of water a year from Spider Creek for the irrigation of 69 acres of part of Seton Lake Indian Reserve Nos. 5 and 6, provided that of this quantity 1,000 gallons a day may be used throughout the year for domestic purpose.

Apr 15, 1939 The Comptroller of Water Rights issued Final Water Licence 10611 to the Director of Indian Affairs. This licence, issued in substitution of Conditional Water Licence 5291, authorized the diversion of 84.9 acre feet of water a year from Spider Creek for the irrigation of 19.5 acres of Indian Reserve No. 4 and 8.8 acres of Indian Reserve No. 6 Necait, provided that of this quantity 1,000 gallons of water a day may be used throughout the year for domestic purpose.

A lesser quantity was authorized with the issue of Final Water Licence 10611, from Conditional Water Licence 5291, as being sufficient for the area to be irrigated.

Current Status:

There are a total of 16 licences reported on Spider Creek. Of these licences:

¥ One authorizes the diversion of 1,000 gallons of water a day for incidental domestic purpose.
¥ Two authorize the diversion of water for domestic purpose, for a total amount authorized of 1,500 gallons a day.
¥ 15 authorize the diversion of water for irrigation purpose, for a total amount authorized of 170.6 acre feet per annum.

Final Water Licence 10611, which is 7th in priority, is the only licence on Spider Creek for the benefit of the Seton Lake Band on reserves Mission 5 and Necait 6. There is no recent information on file with respect to the exercise of rights under this licence.

Water Survey of Canada has no streamflow records for Spider Creek.

Notes:

1. The allocation made by the Indian Reserve Commission could apply to Spider Creek.
2. Final Water Licence 10611 has a later date of precedence than the Minute of Decision.
3. The quantity of water authorized to be diverted under Final Water Licence 10611 is less than the amount authorized under the allocation made by the Indian Reserve Commission.

NECAIT #6

History:

Aug 29, 1881 Minute of Decision of the Indian Reserve Commission, constituting Necait 6,

> *"The water of a small spring* on the left bank of Portage stream is allotted to the Indians."*

*Note: The identity of the spring is unknown.

Jan 9, 1891 By Order, the Lieutenant Governor-in-Council authorized that a grant of water rights be made in favour of the Seton Lake Band for Necait 6.

> *"Fifty inches of water from a creek* running through the Reserve."*

*Note: The identity of the creek is unknown.

Notes:

1. The allocation of water made by the Indian Reserve Commission, as it refers to an unnamed spring, has not been formally recognized by the Province.
2. As the creek referred to in the Order in Council is unidentified, it is not known if allocations made under the *Water Act 1914*, have been made that are comparable to the allocation made by the Order in Council.

Bear Creek

History:

July 11, 1920 At a final hearing before the Board of Investigation, acting pursuant to the *Water Act 1914*, the Board determined that a valid water record affecting the claim of the Department of Indian Affairs to rights to the use of the waters of Bear Creek was made under the authority of an Act passed prior to the 12th day of March, 1909. The Order of the Board, numbered 2710, set out that a conditional licence should be issued which would:

(i) provide for the diversion of water from Bear Creek,
(ii) take precedence from the 23rd day of February 1891,
(iii) authorize the diversion of a maximum of 136.25 acre feet of water a year for the irrigation of 54.5 acres of Necait I.R. (No. 6 Seton Lake), provided that 1,500 gallons of water a day throughout the year could also be used for domestic purpose.

Jan 25, 1924 The Comptroller of Water Rights issued Conditional Water Licence 7168, which embodied the terms and conditions set out in Board Order 2710.

Current Status:

Conditional Water Licence 7168, in the name of the Seton Lake Band, is the only active licence on Bear Creek. There is no information on file with respect to the current exercise of rights under this licence.

Notes:

1. There is no additional information with respect to the water rights of the Seton Lake Band on Bear Creek.

Whitecap Creek

History:

Dec 30, 1920 The Comptroller of Water Rights issued Conditional Water Licence 5258 to Harry Graham, Indian Agent, in accordance with his application. This licence was given a date of precedence of June 25, 1920, and authorized the diversion of 43 acre feet of water a year from Whitecap Creek for the irrigation of 14.3 acres of part of Seton Lake Indian Reserve No. 6, provided that of this quantity 1,000 gallons of water a day may be used throughout the year for domestic purpose.

June 30, 1932 The Comptroller of Water Rights issued Final Water Licence 10613 to the Director of Indian Affairs. This licence, issued in substitution of Conditional Water Licence 5258, was given a date of precedence of June 25, 1920 and authorized the diversion of 8.4 acre feet of water a year from Whitecap Creek for the irrigation of 2.8 acres of Indian Reserve No. 6, Necait.

A lesser quantity of water was authorized with the issue of Final Water Licence 10613 as being sufficient for the area to be irrigated.

There is nothing on file to indicate why incidental domestic was not included as a purpose on Final Water Licence 10613.

Current Status:

Final Water Licence 10613, in the name of the Seton Lake Band, is the only active licence on Whitecap Creek. There is no recent information on file with respect to the exercise of rights under this licence.

Notes:

1. The issue of Final Water Licence 10613, in substitution of Conditional Water Licence 5258, resulted in the loss of licensed rights on Whitecap Creek for the Seton Lake Band.

SILICON #2

History:

Sept 3, 1881 Minute of Decision of the Indian Reserve Commission, constituting the Seton Lake Reserve, Silicon 2,

> *"The water of Che-lux Creek and of a small creek* at the southeastern corner of this reserve have been assigned to the Indians."*

* Note: The identities of these creeks are unknown.

Jan 9, 1891 By Order, the Lieutenant Governor-in-Council authorized that a grant of water rights be made in favour of the Seton Lake Band for Seton Lake Mission Reserve*.

*Note: There is no current reserve named Seton Lake Mission. This Reserve may be Silicon 2, as it is on Seton Lake. The Order in Council also refers to two unnamed creeks, and so does the Minute of Decision of Silicon 2.

> *"No. 1 - Twenty inches of water from a creek* running through the Ignace Reserve."*
>
> *"No. 3 - Fifty inches of water from a creek* on the Reserve, one mile west of Mission Village."*

*Note: The identities of these creeks are unknown.

Notes:

1. No evidence can be found to indicate that the Province has ever allocated water rights under the *Water Act, 1914*, on Silicon 2. Thus, the allocations of water made by the Indian Reserve Commission and the Lieutenant Governor Order in Council have not been formally recognized by the Province.

SLOSH #1

History:

Jan 9, 1891 By Order, the Lieutenant Governor-in-Council authorized that a grant of water rights be made in favour of the Seton Lake Band for Schloss Reserve*.

*Note: It is assumed that "Schloss" Reserve is the same as "Slosh" Reserve.

> *"No. 1 - Twenty inches of water from a creek running through the Reserve, near the old village."*
>
> *"No. 2 - Twenty inches of water from a creek upon a high bench of the Reserve, and two miles east from No. 1."**

*Note: The identities of the creeks are unknown.

Notes:

1. As the creeks are unidentified, it is not known if allocations made under the *Water Act 1914*, have been made that are comparable to the allocation made by the Order in Council.

Bridge River

History:

May 13, 1957 The Comptroller of Water Rights issued Conditional Water Licence 23626 to the British Columbia Electric Company Limited in accordance with an application filed by the same office. This licence was given a date of precedence of March 5, 1956, and authorized the diversion of 3,000 cubic feet of water a second for power purpose from Bridge River for use at a power house site situated on part of Indian Reserve No. 1, Slosh, Lillooet Land District.

The issue of Conditional Water Licence 23626 also required the installation of a tunnel and penstocks through Slosh 1.

The flooded portion of Bridge River is now named Carpenter Lake. It appears that the water authorized under Conditional Water Licence 23626 is also diverted from Carpenter Lake.

Current Status:

There are a total of eight licences and one application reported on Bridge River. There are a total of two licences reported on Carpenter Lake, which is located between the upper and lower portions of Bridge River.

Of the licences:

¥ Three authorize the storage of water, for a total amount authorized of 1,324,000 acre feet per annum.
¥ Four authorize the diversion of water for power purpose, for a total amount authorized of 6,900 cubic feet per second.
¥ Two authorize the diversion of water for domestic purpose, for a total amount authorized of 1,000 gallons of water a day.
¥ One authorizes the diversion of 6 acre feet of water a year for irrigation purpose.

* Note: Some licences authorize more than one purpose.

The one application on Bridge River is for the right to divert 40,000 acre feet of water a year for conservation purpose.

Conditional Water Licence 23626, which is in the name of British Columbia Hydro Limited, is the only licence reported on Bridge River which is appurtenant to Slosh 1. Conditional Water Licence 23626 is fourth in priority on Bridge River.

B.C. Hydro also has a right of way through the northeastern portion of Slosh 1.

Water Survey of Canada has reported streamflow records from four different gauging stations on Bridge River. These stations are Bridge River at Lajoie Falls (Station No. 08ME004), Bridge River below Tyaughton Creek (Station No. 08ME014), Bridge River near Gold Bridge (Station No. 08ME005) and Bridge River near Shalalth (Station No. 08ME001). Station 08ME001, Bridge River near Shalalth is the nearest gauging station to Slosh 1. This station has streamflow records on Bridge River from 1913 to 1948. These streamflow records reported a low mean monthly flow of 15.1 cubic metres per second in February, increasing to a high in July of 284 cubic metres per second.

Notes:

1. There is no additional information with respect to the water rights of the Seton Lake Band on Bridge River.

Omin Brook & Whas Brook

History:

Sept 3, 1881 Minute of Decision of the Indian Reserve Commission, constituting the Seton Lake Reserve, Slosh 1,

> *"The water of all the streams flowing through this land* has been set apart for the use of the Indians."*

* Note: Omin Brook and Whas Brook flow through Slosh 1 Reserve.

June 11, 1920 At a final hearing before the Board of Investigation, acting pursuant to the *Water Act 1914*, the Board determined that a valid water record affecting the claim of the Department of Indian Affairs to the rights to the use of the waters of Portage River and various unnamed creeks and springs on Slosh I.R. was made under the authority of an Act passed prior to the 12th day of March, 1909. The Order of the Board, numbered 2709, set out that a conditional licence should be issued which would:

(i) provide for the diversion of water from Portage River and various unnamed creeks* and springs flowing through the Slosh I.R. (No. 1 Seton Lake)
(ii) take precedence from the 23rd day of February, 1891,
(iii) authorize the diversion of a maximum of 1195 acre feet of water a year for the irrigation of 478 acres of Slosh Indian Reserve (No. 1 Seton Lake), provided that 4,000 gallons of water a day throughout the year could also be used for domestic purpose.

* Note: Two of the unnamed creeks appear to be Omin and Whas Brooks.

Oct 22, 1923 The Comptroller of Water Rights issued Conditional Water Licence 7162, which embodied the terms and conditions set out in Board Order 2709.

Apr 15, 1939 The Comptroller of Water Rights issued Final Water Licence 10609 to the Director of Indian Affairs. This licence, issued in substitution of Conditional Water Licence 7162, in part, was given a date of precedence of February 23, 1891, and authorized the diversion of 48 acre feet of water a year from Omin and Whas Brooks for the irrigation of 16 acres of the westerly portion of Indian Reserve No. 1 Slosh (excluding Blocks A, B and C, also Registered Plan B5882, Kamloops Land Registration District, and District Lot 3149, Lillooet).

Mar 2, 1964 The Comptroller of Water Rights issued Conditional Water Licence 28676 to the Director of Indian Affairs, in accordance with an application filed by a lessee. This licence was given a date of precedence of February 20, 1962, and authorized the diversion of 500 gallons of water a day from Whas Brook for domestic (watering of garden not exceeding 0.25 acre in area) purpose on that part of Indian Reserve No. 1 (Slosh), held under Indian Department Permit No. 2986.

Mar 1, 1965 The Comptroller of Water Rights issued Conditional Water Licence 29672 to the Director of Indian Affairs. This licence, issued in substitution of Final Water Licence 10609, was given a date of precedence of February 23, 1891, and authorized the diversion of 7.5 acre feet of water from Whas Brook for the irrigation of 2.5 acres of that part of Indian Reserve No. 1, Slosh, Lillooet District, lying west of Parcel J, Plan M441 and excluding Plan B3882; Parcel K, Plan M442; Block E and P.G.E. Railway.

Conditional Water Licence 29672 was issued in substitution of Final Water Licence 10609 due to part of the property to which Final Water Licence 10609 was appurtenant being sold to B.C. Hydro and Power Authority. This change in ownership initiated Indian Affairs filing an application for a transfer of appurtenancy and B.C. Hydro requesting abandonment of their portion of water rights authorized under Final Water Licence 10609.

Conditional Water Licence 29672 authorizes the diversion of a lesser quantity than Final Water Licence 10609 and the authorized source is Whas Brook only. The Engineer's Report for Conditional Water Licence 29672 determined that the water from Omin Brook was being used on the land purchased by B.C. Hydro and it was recommended that the application for a transfer of appurtenancy filed by Indian Affairs be denied because B.C. Hydro owned the land prior to the application being received. The Comptroller of Water Rights accepted the abandonment from B.C. Hydro and a lesser quantity from Whas Brook was authorized as being sufficient for the area to be irrigated.

The Comptroller of Water Rights issued Conditional Water Licence 29673 to the Director of Indian Affairs in accordance with an application filed by the same office. This licence was given a date of precedence of July 10, 1962, and authorized the diversion of 4,000 gallons of water a day and 8 acre feet of water a year from Omin Brook for waterworks and irrigation purposes for use on that part of Indian Reserve No. 1 (Slosh), Lillooet District lying west of Parcel J, Plan M441 and north of P.G.E. Railway Right-of-Way, except Parcel K, Plan M442 and Block E, of which 4 acres may be irrigated.

Mar 19, 1975 The Comptroller of Water Rights received notification from Indian Affairs that the property to which Conditional Water Licence 28676 was appurtenant was no longer leased and the Seton Lake Band wished to maintain the licence.

Current Status:

Omin Brook

There are a total of three licences on Omin Brook. Of the licences:

¥ two authorize the diversion of water for waterworks purpose, for a total quantity authorized of 44,000 gallons a day.
¥ one authorizes the diversion of 2,000 gallons of water a day for domestic purpose.
¥ one authorizes the diversion of 8 acre feet of water per annum for irrigation purpose.

Conditional Water Licence 29673, which is third in priority, is the only licence on Omin Brook for the benefit of the Seton Lake Band. There is no recent information on file with respect to the exercise of rights under this licence.

Water Survey of Canada has no streamflow records for Omin Brook.

Whas Brook

Conditional Water Licences 29672 and 28676, both in the name of the Seton Lake Band, are the only two active licences on Whas Brook. There is no recent information on the file with respect to the exercise of rights under these licences.

Water Survey of Canada has no streamflow records for Whas Brook.

Notes:

1. The allocation made by the Indian Reserve Commission could apply to Omin and Whas Creeks.

2. The water rights granted under Conditional Water Licence 7162, to the Seton Lake Band, appeared to be consistent with the decision of the Indian Reserve Commission. However, the issue of final licences in substitution of Conditional Water Licence 7162, resulted in the loss of rights for the Seton Lake Band.

3. The issue of Conditional Water Licence 29672, in substitution of Final Water Licence 10609, resulted in a loss of licensed rights and priority on Omin Brook. Although, it was determined that the land upon the water from Omin Brook was being used had been sold to B.C. Hydro.

4. The issue of Conditional Water Licence 29672 resulted in a reduction of the volume of water authorized for irrigation on Whas Creek for the Seton Lake Band.

Ohin, Olin, Ptilla and Tsee Creeks

History:

Sept 3, 1881 Minute of Decision of the Indian Reserve Commission, constituting the Seton Lake Reserve, Slosh 1,

> *"The water of all the streams flowing through this land* has been set apart for the use of the Indians."*

* Note: Ohin, Olin, Ptilla and Tsee Creeks all flow through Slosh 1 Reserve.

June 11, 1920 At a final hearing before the Board of Investigation, acting pursuant to the *Water Act 1914*, the Board determined that a valid water record affecting the claim of the Department of Indian Affairs to the rights to the use of the waters of Portage River and various unnamed creeks and springs on Slosh I.R. was made under the authority of an Act passed prior to the 12th day of March, 1909. The Order of the Board, numbered 2709, set out that a conditional licence should be issued which would:

(i) provide for the diversion of water from Portage River and various unnamed creeks* and springs flowing through the Slosh I.R. (No. 1 Seton Lake)
(ii) take precedence from the 23rd day of February, 1891,
(iii) authorize the diversion of a maximum of 1195 acre feet of water a year for the irrigation of 478 acres of Slosh Indian

Reserve (No. 1 Seton Lake), provided that 4,000 gallons of water a day throughout the year could also be used for domestic purpose.

*Note: Four of the unnamed creeks appear to be Ohin, Olin, Ptilla and Tsee Creeks.

Oct 22, 1923 The Comptroller of Water Rights issued Conditional Water Licence 7162, which embodied the terms and conditions set out in Board Order 2709.

Apr 15, 1939 The Comptroller of Water Rights issued Final Water Licence 10610 to the Director of Indian Affairs. This licence, issued in substitution of Conditional Water Licence 7162, in part, was given a date of precedence of February 23, 1891, and authorized the diversion of 129 acre feet of water a year from Tsee, Ohin, Olin and Ptilla Creeks for the irrigation of 43 acres of the easterly portion of Indian Reserve No. 1 Slosh (excluding Blocks A and B).

Dec 1, 1951 The Comptroller of Water Rights issued Conditional Water Licence 20402 to the Director of Indian Affairs in accordance with an application filed by the same office. This licence was given a date of precedence of April 13, 1951, and authorized the diversion of 10,000 gallons of water a day from Peters Creek for use on Indian Reserve No. 1, Slosh, excluding Blocks A and B.

An Engineer's memo, dated January 17, 1952, stated that Peters Creek and Ohin Creek are the same creek.

> *"Peters Creek, also called Ohin Creek is the west branch of Olin Creek and joins Olin Creek a short distance above the P.G.E. R/W. [The point of diversion] then, should be shown on Ohin (Peters Creek, not on a separate branch.... The nomenclature and location of both [Olin and Ohin] creeks is marked for special attention when Final Licence survey is made."*

A Final Water Licence Survey of Conditional Water Licence 20402 has never been made and the source name on the licence is still Peters Creek.

Jan 3, 1986 The Regional Manager refused an application filed by a lessee on part of Slosh Reserve 1. The application, which was for the right to divert 250 gallons of water a minute from Tsee Creek, was refused due to the applicant not meeting the statutory requirements to keep the application in good standing.

Current Status:

Final Water Licence 10610, in the name of the Seton Lake Band, is the only active licence on Ohin, Olin, Ptilla and Tsee Creeks. There is no recent information on filed with respect to the exercise of rights under this licence.

Conditional Water Licence 20402, in the name of the Seton Lake Band, is the only active licence on Peters Creek. The source name on the licence has not been amended; however, the Engineer's memo of January 17, 1952, states the actual source of this licence is Ohin Creek.

Water Survey of Canada has no streamflow records on Ohin, Olin, Ptilla and Tsee Creeks.

Notes:

1. The allocation made by the Indian Reserve Commission could apply to Ohin, Olin, Ptilla and Tsee Creeks.
2. The water rights granted under Final Water Licence 10610, in substitution of Conditional Water Licence 7162, to the Seton Lake Band, appear to be consistent with the decision of the Indian Reserve Commission.
3. The true identity of the source authorized under Conditional Water Licence 20402 has yet to be determined.

Puck Creek

History:

Sept 3, 1881 Minute of Decision of the Indian Reserve Commission, constituting the Seton Lake Reserve, Slosh 1,

> *"The water of all the streams flowing through this land* has been set apart for the use of the Indians."*

*Note: Puck Creek flows through Slosh 1 Reserve.

Dec 13, 1920 The Comptroller of Water Rights issued Conditional Water Licence 5278 to H. Graham Indian Agent in accordance with his application. This licence was given a date of precedence of July 2, 1920, and authorized the diversion of 24 acre feet of water a year from Puck Creek for the irrigation of 8 acres of part of Seton Lake Indian Reserve No. 1, provided that of this quantity 500 gallons of water a day may be used throughout the year for domestic purpose.

Apr 15, 1939 The Comptroller of Water Rights issued Final Water Licence 10612 to the Director of Indian Affairs. This licence, issued in substitution of Conditional Water Licence 5278, was given a date of precedence of July 2, 1920, and authorized the diversion of 7.5 acre feet of water a year from Puck Creek for the irrigation of 2.5 acres of the Easterly portion of Slosh

Indian Reserve No. 1.

A lesser quantity was authorized with the issue of Final Water Licence 10612 as being sufficient for the area to be irrigated.

Current Status:

Final Water Licence 10612, in the name of the Seton Lake Band, is the only active licence of Puck Creek. There is no information on file with respect to the current exercise of rights under this licence.

Water Survey of Canada has no streamflow records on Puck Creek. The Engineer's report, dated January 4, 1939, for Final Water Licence 10612 recorded the flow on Puck Creek, at the ditch intake, about 1 cubic foot per second.

Notes:

1. The allocation made by the Indian Reserve Commission could apply to Puck Creek.
2. The water rights granted under Final Water Licence 10612, in substitution of Conditional Water Licence 5278, to the Seton Lake Band, appear to be consistent with the decision of the Indian Reserve Commission.

Seton River

History:

Sept 3, 1881 Minute of Decision of the Indian Reserve Commission, constituting the Seton Lake Reserve, Slosh 1,

> *"The water of all the streams flowing through this land* has been set apart for the use of the Indians."*

*Note: Seton River flows through Slosh 1 Reserve.

Jan 9, 1891 By Order, the Lieutenant Governor-in-Council authorized that a grant of water rights be made in favour of the Seton Lake Band for Schloss Reserve.

> *"One hundred inches of water from Portage River*, which flows through the Reserve."*

*Note: Portage River has been renamed Seton River.

June 11, 1920

At a final hearing before the Board of Investigation, acting pursuant to the *Water Act 1914*, the Board determined that a valid water record affecting the claim of the Department of Indian Affairs to the rights to the use of the waters of Portage River and various unnamed creeks and springs on Slosh I.R. was made under the authority of an Act passed prior to the 12th day of March, 1909. The Order of the Board, numbered 2709, set out that a conditional licence should be issued which would:

(i) provide for the diversion of water from Portage River [now named Seton River] and various unnamed creeks and springs flowing through the Slosh I.R. (No. 1 Seton Lake)
(ii) take precedence from the 23rd day of February, 1891,
(iii) authorize the diversion of a maximum of 1195 acre feet of water a year for the irrigation of 478 acres of Slosh Indian Reserve (No. 1 Seton Lake), provided that 4,000 gallons of water a day throughout the year could also be used for domestic purpose.

Oct 22, 1923

The Comptroller of Water Rights issued Conditional Water Licence 7162, which embodied the terms and conditions set out in Board Order 2709.

Apr 15, 1939

The Comptroller of Water Rights issued Final Water Licence 10608 to the Director of Indian Affairs. This licence, issued in substitution of Conditional Water Licence 7162, in part, was given a date of precedence of February 23, 1891, and authorized the diversion of 60.9 acre feet of water a year from Portage River for the irrigation of 20.3 acres of the Southerly portion of Indian Reserve No. 1 "Slosh" in the vicinity of Portage river (excluding the area shown on Registered Plan B5882, Kamloops Land Registration District).

Mar 19, 1973

Having determined that the land was erroneously stated in Final Water Licence 10608, the Deputy Comptroller of Water Rights issued an Order amending the licence to read that the land upon which the water is to be used and to which this licence is appurtenant is the southerly part of Indian Reserve No. 1 "Slosh" within Lillooet Land District, except Plan B3882.

The Order also indicated that the source of water for Final Water Licence 10608 was Seton Lake; however, the plat accompanying the Order shows the source to be Seton River (previously named Portage River).

Current Status:

There are a total of two licences reported on the section of Seton River that flow from Anderson Lake to Seton Lake.

Final Water Licence 10608, in the name of the Seton Lake Band, is first in priority on Seton River. There is no information on file with respect to the current exercise of rights under this licence.

The other licence on Seton River, between Anderson and Seton Lake, is held by a private individual and authorizes the diversion of 9 acre feet of water per annum for irrigation purpose.

Water Survey of Canada has no streamflow records for the section of Seton River that flows from Anderson Lake to Seton Lake.

Notes:

1. The allocation made by the Indian Reserve Commission could apply to Seton River.
2. The Minute of Decision, as it refers to Seton River, has not been formally recognized by the Province.
3. Conditional Water Licence 7162, which allocated 1195 acre feet of water per annum from Portage River and various unnamed creeks and springs, was comparable to the Order in Council allocation of 100 inches of water from Portage River.
4. Final Water Licence 10608 authorizes a lesser quantity of water than the amount allocated under the Lieutenant Governor Order in Council.
5. The Order issued by the Deputy Comptroller of Water Rights, dated March 19, 1973, for Final Water Licence 10608 should state the source name as Seton River instead of Seton Lake.

Spider Creek

History:

June 11, 1920 At a final hearing before the Board of Investigation, acting pursuant to the *Water Act 1914*, the Board determined that a valid water record affecting the claim of the Department of Indian Affairs to the rights to the use of the waters of Portage River and various unnamed creeks and springs on Slosh I.R. was made under the authority of an Act passed prior to the 12th day of March, 1909. The Order of the Board, numbered 2709, set out that a conditional licence should be issued which would:

(i) provide for the diversion of water from Portage River and various unnamed creeks* and springs flowing through the Slosh I.R. (No. 1 Seton Lake)
(ii) take precedence from the 23rd day of February, 1891,
(iii) authorize the diversion of a maximum of 1195 acre feet of

water a year for the irrigation of 478 acres of Slosh Indian Reserve (No. 1 Seton Lake), provided that 4,000 gallons of water a day throughout the year could also be used for domestic purpose.

*Note: Spider Creek appears to be one of the unnamed creeks.

Oct 22, 1923 The Comptroller of Water Rights issued Conditional Water Licence 7162, which embodied the terms and conditions set out in Board Order 2709.

Apr 15, 1939 The Comptroller of Water Rights issued Final Water Licence 10607 to the Director of Indian Affairs. This licence, issued in substitution of Conditional Water Licence 7162, in part, was given a date of precedence of February 23, 1891, and authorized the diversion of 1,000 gallons of water a day from Spider Creek for use on the portion of Indian Reserve No. 1 "Slosh" covered by Registered Plan B5882, Kamloops Land Registration District.

Mar 19, 1973 Having determined that the land was erroneously stated in Final Water Licence 10607, the Deputy Comptroller of Water Rights issued an Order amending the licence to read that the land upon which the water is to be used and to which this licence is appurtenant is part of Indian reserve No. 1 "Slosh" shown on Plan B 3882 within Lillooet Land District.

At this time it was determined that the land to which Final Water Licence 10607 was appurtenant had been sold to a private individual.

Current Status:

There are a total of 16 licences reported on Spider Creek. Of these licences:

¥ One authorizes the diversion of 1,000 gallons of water a day for incidental domestic purpose.
¥ Two authorize the diversion of water for domestic purpose, for a total amount authorized of 1,500 gallons a day.
¥ 15 authorize the diversion of water for irrigation purpose, for a total amount authorized of 170.6 acre feet per annum.

Final Water Licence 10607, which is first in priority, was in the name of the Seton Lake Band. However, the land to which this licence is appurtenant is now owned by a private individual. The rental fees for Final Water Licence 10607 are paid and up to date.

Water Survey of Canada has no streamflow records for Spider Creek.

Notes:

1. The Seton Lake Band no longer holds any water rights on Slosh 1 with respect to Spider Creek due to the change of ownership of the land to which Final Water Licence 10607 is appurtenant.

CUT OFF RESERVES NO.S 3 AND 4

History:

Sept 3, 1881 A Minute of Decision of the Indian Reserve Commission allotted two 20 acre reserves on the south bank of Seton Lake, opposite Reserve No. 2, Silicon. These reserves were later cut off from the Seton Lake Band.

Jan 1, 1891 By Order, the Lieutenant Governor-in-Council authorized that a grant of water rights be made in favour of the Seton Lake Band:

> *"Twelve inches of water from a spring* on the small reserve on the south side of lake..."*
>
> *"Twelve inches of water from a spring on south side of lake, on a small Reserve nearly opposite the Mission*"*

* Note: The two cut off reserves were on the south side of Seton Lake.
* Note: The identities of the springs are unknown.

Notes:

1. The Province has not recognized the allocations made by the Order of Lieutenant Governor in Council, as the two reserves, allotted by the Indian Reserve Commission, have been cut off from the Seton Lake Band.

OTHER INFORMATION:

Additional Water Records:

An additional fishing right was allocated in the Minute of Decision of the Indian Reserve Commission, dated September 3, 1881, with respect to the Seton Lake Band.

> *"The exclusive right of salmon fishing on the stream which connects Anderson with Seton Lake, a distance of about 1 &1/3 mile."*

Alternate Water Sources:

Groundwater Records:

Review of records of the Groundwater Section finds evidence of four wells on Seton Lake 5A. There is no groundwater information for the remainder of the Seton Lake Band's reserves. The amount of water that the wells on Seton Lake 5A yield range from 4 to 40 gallons of water a minute. Further details are attached to this report. The extent to which these wells are utilized at this time is unknown and as provision of this information is voluntary, it can not be assumed to be complete.

Municipal Water Supply:

The proximity of the Seton Lake Reserves to Dickey Creek, east of the reserves, on which the Squamish Lillooet Regional District holds waterworks licences, presents the potential for water supply to the Reserves via a municipal water system.

The Squamish Lillooet Regional District has licences to obtain water from Blackbird Creek, Countless Creek, Dickey Creek, President Creek and Spruce Creek for waterworks purposes, with a total amount authorized of 481,070,000 gallons a year. The estimated use of water in 1995 by the Regional District was 9,109,503.

Water Protection Records

The Water Protection Section has record of 0.06 kilometres of bank improvement work along Seton River and Seton Lake, which borders Slosh 1.

Summary of Water Rights Record

Seton Lake First Nation

Water Source	Priority Date	Reserve Name	File Number	Document Type	Status	Superceded By	Licence PUC/MOD & OIC Allotments	Comments
All streams flowing through the Reserve	1881/09/03	Slosh #1	AGBC 590464	MOD			*"The water of all streams flowing through this land …"*	IRC Allocation: Not formally recognized by the Province.

Minutes of Decision.

— Seton Lake Indians —

— No. 1. —

A Reserve of 1,000 acres (approximately), situated on the North shore of Seton lake, near its head:

Commencing at the South-western corner of a grave-yard near the edge of the lake, 1½ mile East of "Sha-lalth", and running East 16 chains; thence North 80 chains; thence West 250 chains; thence South 40 chains; thence West 130 chains; thence South 120 chains; thence East to Seton lake; and thence following the shore of the said lake in a North-easterly direction to the place of commencement.

2005/Ind

— Water. —

The Water of all the streams flowing through this land has been set apart for the use of the Indians.

No. 2.

Seton Lake Indians.

No 2.

A Reserve of 130 acres on the North bank of Seton lake, about 6 miles from its outlet, and known as "Silicon":

Commencing at a cottonwood on the edge of the lake marked Indian Reserve, and running North 20 chains; thence West 90 chains; thence South to Seton lake; and thence following the shore of the said lake in an Easterly direction to the place of commencement.

Water:

The Water of "Che-lux" creek and of a small creek at the South-Eastern corner of this reserve have been assigned to the Indians.

No 3.

A Reserve of 20 acres, situated on the South bank of Seton lake, opposite Reserve No 2:

Commencing at a small potato patch on the edge of the lake and running along its shore in a Westerly direction 10 chains; thence South 10 chains;

thence

Seton Lake Indians.

Geo. A. Walkem

— No 3. — Cont'd —

thence East 20 chains; thence North to Seton lake; and thence along the bank of the said lake in a Westerly direction to place of commencement.

— No 4. —

A Reserve of 20 acres, situated on the South bank of Seton lake, opposite Reserve No 2:

Commencing at a small grass patch on the edge of the lake, and running along its shore in a Westerly direction 10 chains; thence South 10 chains; thence East 20 chains; thence North to Seton lake; and thence along the bank of the said lake in a Westerly direction to the place of commencement. 27/1

— Fishery. —

The exclusive right of salmon fishing on the stream which connects Anderson with Seton lake, a distance of about 1 1/3 miles.

No 5

Seton Lake Indians.

No. 5.

$8^{0}/W$ **A Reserve** of 80 acres, situated on the portage between Seton and Anderson lakes, about ½ a mile distant from the latter:

Commencing at a fir tree marked Indian Reserve, and running East 40 chains; thence South 20 chains; thence West 40 chains; and thence North 20 chains to the place of commencement.

Water.

100 Inches of water from "Ne-scar-keet" Creek are reserved for the use of the Indians.

No. 6.

$8^{x}/W$ **A Reserve** of 90 acres, situated at the outlet of Anderson lake:

Commencing at a point on the right bank of "Portage" stream, at the outlet of Anderson lake, and running in a Southerly direction 11 chains, along the bank of the said lake; thence East 30 chains; thence North 30 chains; thence West 30 chains; thence South to the

Anderson

Seton Lake Indians.

See Addition

— No. 6 — Cont'd —

at Anderson lake; and thence along the bank of the said lake to the place of commencement.

— Water. —

The Water of a small spring on the left bank of Portage Stream is allotted to the Indians.

(1)

Sir

I have honour to report that Mr W. L. Meason Indian Agent for this District, gave notice, in the Govt Gazette of March 28th 1889 and also in the Kamloops "Sentinel" of similar date, of his intention to apply to you for permission to divert and use for the purposes of irrigation on Indian Reserves in this District, certain waters as set out in his Notice of Application.

Mr Meason now applies for a Record to be made of the various described applications.

The amount of water applied for, in each case, as a rule is very small and with few exceptions are not already claimed by white settlers.

For your reference I have annexed the original copy of notice of intention, and my remarks on each application, and enclose same herewith, awaiting your instructions with regard Record.

I have the honour to be
Sir
Your obedient Servant
F. Soues
Govt Agent

The Hon F. G. Vernon
Chief Commissioner of L & W
Victoria

2

[illegible] inches of water from the [illegible] to be diverted on the top of the [illegible] on to the Reserve by a proposed ditch. [illegible] Twelve inches of water from a spring [illegible] on the right bank of the Fraser [illegible] west of the Hudson Bay's old Fort.

[illegible] One hundred inches of water from [illegible] Creek, to be diverted at the present ditch head, [illegible] Lake Road, and conveyed by the ditch on to the Reserve. [illegible] Twelve inches of water from a spring [illegible] eight miles south of [illegible] Creek, on [illegible] to be used on said Reserve. [illegible] One hundred inches of water from the creek which crosses the waggon road at or near the [illegible] mile post, to be diverted at a point above the road, and conveyed by a proposed ditch, about two miles [illegible] to the Dog Creek Reserve.

[illegible] Reserve, Chilcotin:

[illegible] One hundred inches of water from Riske Creek, to be diverted at a point at or near the west [illegible] of the Reserve.

No. 2.—Two hundred inches of water from Mackin Creek, to be diverted at a point near the head-waters of [illegible] Creek, about 18 miles from the Toosey Reserve, to be conveyed by a ditch and dry water courses into Riske Creek, and diverted again at same point as No. 1.

[illegible] Reserve, Chilcotin:

One hundred inches of water from the creek which bounds the Reserve on the west, to be diverted at the present ditch head.

[illegible] Reserve, Chilcotin:

No. 1.—Two hundred inches of water from Big [illegible] Creek, which flows through the Reserve.

No. 2.—One hundred inches of water from a creek which flows through the Reserve at the eastern end, about one mile from No. 1.

Lillooet District.	"Lillooet District"
[illegible] Lake Reserve: One hundred inches of water from a creek on the mountain bounding the Reserve on the north, to be diverted at the head of the present ditch.	No objections to this record
Alkali Lake Reserve: No. 1.—One hundred inches of water from Alkali Lake Creek, to be diverted at the present ditch head.	This water already recorded by white settlers
No. 2.—Fifty inches of water from a small creek running through the Reserve known as Joe Rosette's Creek, to be diverted at the head of the ditch which now conveys said water on to the Reserve.	This water already recorded by white settlers
No. 3.—The right to construct a dam at the outlet of Harper's Lake, on Dog Creek Mountain, and the right to the water retained by said dam, to be conveyed by means of a ditch, already surveyed, to the Reserve known as Wyatt Flat.	No objection to this record
Dog Creek Reserve: One hundred inches of water from Dog Creek, to be diverted at the heads of the two ditches now used.	Fifty inches is sufficient.
Canoe Creek Reserve No. 2: One hundred inches of water from a creek about five miles east of the Reserve, to be diverted at the head of the ditch now used.	Subject to existing records
Canoe Creek Reserve No. 1: No. 1.—Two hundred inches of water from a stream formed by the overflow in Spring of Lakes, in the vicinity of R. Valenzuela's meadows, and about 15 miles south-east from the Reserve, with the right to store said water in a chain of lakes, situate four miles west of Rocky Spring, and to tap said lakes in order to convey said 200 inches of water by a dry water course into Canoe Creek at the upper crossing, and to take the same quantity of water out of Canoe Creek by means of the present ditch on the Reserve.	Subject to existing rights and records
No. 2.—Twenty inches of water from a small stream running through the Reserve at the village.	Subject to existing records.
[illegible] Bar Reserve: Twenty-five inches of water from a small stream flowing through the Reserve, to be conveyed by the present ditch.	No objection to this record.
[illegible] Reserve: [illegible]—Twenty-five inches of water from a small [illegible] which runs through the Reserve at the 9-mile [illegible] be conveyed by the present ditch.	No objection to this record.
[illegible]—One hundred inches of water from Kelly [illegible] be diverted at a point 400 yards above the [illegible] the Dog Creek and the Clinton waggon road, to be conveyed by a proposed ditch on to the Reserve.	Subject to existing records

PROVINCE OF BRITISH COLUMBIA. **WATER RIGHTS BRANCH.** DEPARTMENT OF LANDS.

CONDITIONAL WATER LICENCE
(IRRIGATION)

Appurtenant to 14.3 acres of Seton Lake Indian Reserve No. 6.

WHEREAS H. Graham, Indian Agent, whose post-office address is Lytton, B. C.

as owner or lawful occupant of the land hereinafter specified, has applied for a licence to take and use water in the manner hereinafter set out, and has taken all the preliminary steps required of such applicant under the "Water Act, 1914," prior to the issue of this licence, and is, under the said Act, entitled thereto:

(1.) Now, therefore, in pursuance of the said Act, this conditional licence is issued, granting the licensee thereunder the right to take and use water under the following terms and conditions:—

(*a.*) The source of the water-supply is Whitecap Creek

a tributary of Portage River.

(*b.*) The point of diversion from the stream is located as shown in the exhibit marked "A" hereto attached, which is incorporated herewith and made a part hereof, the original of which is attached to the counterfoil of this licence on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria.

(*c.*) The date from which this licence shall take precedence is 25th June, 1920.

Superseded by Final Licence 10613

(*d.*) The purpose for which the water is to be used is irrigation.

(*e.*) The maximum quantity of water which may be used at the place of use when all the lands mentioned in item (*g*) hereof are under irrigation is, until lawfully altered, 43 acre-feet per annum; and the maximum quantity which may be used per acre at the said place of use in any year is 3 acre-feet: Provided that if any records have been issued, or if any other licences have been or may hereafter be issued, for the use of water upon the said lands, the maximum quantity allowed under this licence shall be reduced by such quantities as may from time to time be used upon the said lands under such other records or licences, including the records or licences at present outstanding, namely/Conditional Licence No. from Spider Creek (Stream.)

and Licence No. ---------- from ---------------------------------- (Stream.)

And provided further that in such cases the Comptroller may, after the requisite hydrographic data have been accumulated for determining the particular quantity of water which may be used under this licence, require the surrender thereof for the purpose of readjustment, and may amend the same by stating therein such particular quantity so determined. The maximum quantity which may be diverted from the stream per annum is 3 acre-feet per acre of land irrigated and an additional amount for reasonable seepage and evaporation.

And provided further that there may be used in addition 1000 gallons of water per day throughout the whole year for domestic purpose as being incidental to the irrigation purpose.

Licence Number 52

5258

ORIGINAL

Form 1004, W.R.B. (Conditional Licence—Irrigation).—1,000-8-20.

(*f.*) The period of the year during which the water may be used is 1st April to 30th September.

(*g.*) The area and description of the irrigable lands to which this right may extend on completion of works and beneficial use of the water in the irrigation of the said lands are 14.3 acres, comprising part of Seton Lake Indian Reserve No. 6.

The extent and location of the said irrigable lands are further shown in the said exhibit "A."

(*h.*) The other terms and conditions respecting the right are:—

(1.) Works for the diversion and the carriage of the water as set forth in the exhibit marked "B" which is hereto attached and hereby made a part hereof shall be constructed in a workmanlike manner and to the satisfaction of the Comptroller of Water Rights.

(2.) The said construction shall be commenced on or before the first day of May, 19 21.

(3.) The said construction shall be prosecuted with due diligence and to the satisfaction of the Comptroller, and shall be completed on or before the thirtieth day of November, 19 30.

(4.) The lands described in clause (*g*) hereof shall have been properly prepared for irrigation and shall have been irrigated beneficially from the said works on or before the thirtieth day of November, 19 30.

(5.)

(*i.*) Before any change is made in the said works which would be a material deviation from the plans as approved or the works as accepted by the Comptroller, plans of such proposed change must be filed with the Comptroller and approved by him.

(*j.*)

(2.) This licence shall not in any way be deemed to be a final licence for the use of water, but shall have the effect only of a conditional licence issued under Part V. of the "Water Act, 1914," and shall be subject to all the provisions of said Act, including the filing of proof of the completion of the said works and the putting of the water to such beneficial use within the time limited by the provisions of section 117 of the said Act.

Issued this thirtieth day of December, 19 20.

PROVINCE OF BRITISH COLUMBIA. **WATER RIGHTS BRANCH.** DEPARTMENT OF LANDS.

CONDITIONAL WATER LICENCE.

(For an Irrigation Purpose.)

WHEREAS the Board of Investigation, constituted and acting under the "Water Act, 1914," duly held an investigation respecting the water set out in the order No. 2709, a duplicate of which is hereto attached, and in the said order directed the Comptroller of Water Rights to issue a conditional licence in respect of the particular record and claim respectively set out therein, and further therein named the terms and conditions to be embodied in the said licence:

NOW, THEREFORE, I, Comptroller of Water Rights of the Province of British Columbia, in pursuance of the said order and in conformity with the "Water Act, 1914," issue this conditional licence, and declare the rights in and to the use of the said waters held under the said record in respect of the said claim to be such as are set out in the said order; and the terms and conditions of the said order and any exhibits which are therewith incorporated are hereby incorporated herewith and form a part hereof. This licence is appurtenant to Slosh I. R. (No.1 Seton Lake).

Superseded by Final Licence 10607-8-9-10610.

DEPARTMENT OF LANDS.

DETERMINATION AND ORDER.

(FOR A CONDITIONAL WATER LICENCE FOR IRRIGATION PURPOSES.)

BY THE BOARD OF INVESTIGATION
UNDER THE "WATER ACT, 1914."

In the Matter of the Claims of the Department of Indian Affairs to Rights to the Use of the Waters

of Portage River and various unnamed creeks and springs on Slosh I.R. (No.1 Seton Lake),

in the neighbourhood of Seton Lake, in the

Lillooet Water District.

NOW, on the 11th day of June, 1920, the above-entitled matter coming on regularly for final hearing before the Board of Investigation; due notice having been given of the time and place of hearing; all and every the steps required under the Act to be taken by the Board before a determination of the said rights and claims should be made having been taken; all evidence, testimony, and proofs filed with the Board or presented in the above-entitled matter having been duly considered; a quorum of the Board being present at the hearing; and the Board being now fully advised in the premises, determines with respect to the said claims (which are on file and designated as Indian File No. 22-16-1) that a valid water record affecting the said claim was made under authority of an Act passed prior to the 12th day of March, 1909, and that under the said water record the Seton Lake tribe or band of Indians was granted a right to take and use water from Portage River and the various creeks and springs flowing through the Slosh I.R. (No.1 Seton Lake) for irrigation and domestic purposes on the said Slosh I.R., being Reserve No.1 of the said tribe or band.

Order No. 2709

Form 858, W.R.B.—2,000-12-20.

Copy for Comptroller

2. The claims of the Department of Indian affairs with respect to the said waters are allowed by the Board to the extent hereinafter specified, and the Comptroller of Water Rights is hereby directed to issue a conditional licence in respect thereof embodying the following terms and conditions:—

(*a.*) The sources of the water supply are Portage River and various unnamed creeks and springs flowing through the Slosh I.R. (No.1 Seton Lake), tributaries of Seton Lake.

(*b.*) The points of diversion from the said sources are located as shown in the exhibit marked "A" hereto attached, which is incorporated herewith and made a part hereof, the original of which exhibit is on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C.

(*c.*) The date ~~for~~ from which the said licence shall take precedence is 23rd February, 1891.

(*d.*) The purpose for which the water is to be used is irrigation.

(*e.*) The maximum quantity of water per annum which may be used when irrigation is extended to all the lands mentioned in subclause (*g*) of this clause, until lawfully altered, is 1195 acre-feet, and the maximum quantity of water which may be used per annum on each acre actually irrigated until lawfully altered is two and a half (2½) acre-feet: Provided that where sources of supply other than those named in subclause (*a*) hereof are drawn upon for the irrigation of a part or all of the same lands as are described in subclause (*g*) hereof, the maximum quantity of water which may be used under the licence hereby directed to be issued shall be reduced by the quantity which the licensee may be entitled to use from said other sources of supply: Provided further that when the Engineer of the Water District has accumulated the requisite hydrographic data for determining to the satisfaction of the Comptroller the *pro rata* part of the said total quantity to be apportioned to the licence hereby directed to be issued, the Comptroller shall require the surrender of the licence, and shall amend the same by stating the particular quantity to which the licensee is entitled from the particular sources named therein.

(*f.*) The period of the year during which the water may be used is between the first day of April and the thirtieth day of September.

(*g.*) The water may be used on the Slosh Indian Reserve (No.1 Seton Lake) of which 478 acres are said to be irrigable. The extent and location of the said irrigable lands are more particularly shown in the said Exhibit "A."

(*h.*) The works which are required to be constructed before the issue of a final licence are the clearing, stumping, and levelling of the irrigable lands on the said reserve and the additional works required for conducting thereto the maximum quantity of water hereby authorized to be diverted.

(*i.*) The execution of the said works shall be commenced or resumed on or before the first day of June, 1924, and shall be prosecuted with due diligence and in a workmanlike manner and to the satisfaction of the Comptroller of Water Rights.

(*j.*) The said works shall be completed and the quantity of water to which the licensee is entitled beneficially used for the purpose set out in the licence on or before the first day of November, 1930.

(*k.*) Before any change is made in the said works which would be a material deviation from the plans as approved or the works as accepted by the Comptroller, plans of such proposed change must be filed with the Comptroller and approved by him.

Board Order No. 2709.

Copy for Comptroller

(*l.*) The nature and the extent of the incidental uses permitted under the licence are: For domestic purposes, the use of 4,000 gallons a day of water from any or all the said sources of supply during the whole of the year; and for storage purpose, such quantity of water (not exceeding ---------------------------------- acre-feet) as, together with the natural flow-water used hereunder, will be necessary to secure to the licensee the quantity granted hereunder. The water which may be so stored shall be that of ------------------------- and it may be stored (accumulated) in a reservoir at -- -- between the first day of October in each year and the first day of June in the succeeding year, and may be used as provided for in subclauses (*d*), (*e*), and (*f*) of this clause, but such uses shall not enlarge the quantity of water allowed by subclause (*c*) hereof.

(*m.*) The Board may extend the time for the commencement, resumption, or completion of the execution of the works on being satisfied that it is in the public interest and that it will not injuriously affect the rights of any licensee.

(*n.*) The licence shall not in any way be deemed to be a final licence for the use of water, but shall have the effect only of a conditional licence issued under Part V. of the "Water Act, 1914," and shall be subject to all the provisions of the said Act, including the filing of proof of the completion of the said works and the putting of the water to such beneficial use within the time limited by the provisions of section 117 of the said Act.

3. Pending the issue of the licence hereby authorized to be issued, the terms and conditions of this order shall govern the respective rights of the record-holders or claimants affected thereby.

Dear Sir/Madam:

**Re: Conditional Water Licence 23626 - Bridge River
Permits under the Water Act authorizing
the occupation of Crown Land**

Crown Land Permits numbers 4429 and 4482 were issued in connection with Conditional Water Licence 23626 to authorize the occupation of Crown land for access roads rights-of-way.

For administrative record keeping purposes, the rights authorized by the above noted Permit numbers have been combined and renumbered as a single Permit authorizing the occupation of Crown land.

Permit numbers 4429 and 4482 have now been combined and renumbered as Permit number 20858.

If you have any questions, please feel free to contact this office.

Yours truly,

Chris Morgan

THE GOVERNMENT OF
THE PROVINCE OF BRITISH COLUMBIA

DEPARTMENT OF LANDS AND FORESTS

Permit under the "Water Act" Authorizing the Occupation of Crown Land

British Columbia Electric Company Limited, of 970 Burrard St., Vancouver 1, B. C.

the holder of a water licence authorizing the diversion of water from Bridge River,

is hereby authorized to occupy by constructing, maintaining and operating thereon the works authorized under the said water licence, and any licence which may be issued in substitution thereof,

the following Crown land, namely:— Road Access Right-of-Way: a portion of Lots 2658 and 2659; Timber Sale X71958, and that land lying South of Lot 2245 and East of Lots 1606, 3033, 1519, 1249 and 1250, all being within New Westminster District, being 27,700 feet in length and 30 feet in width, the location of which is shown approximately on the attached plan and marked Right-of-Way,

having an area of 19.08 acres.

And, subject to the payment of royalty, stumpage, and other compensation as provided under Condition 5, is authorized to cut and remove from the said land any timber, the removal of which is necessary to permit the construction of the said works.

There is payable in respect of this permit an annual rental of $10.00, which is subject to alteration at any time. Failure to pay the annual rental will render this permit subject to cancellation.

This permit is appurtenant to the land to which the aforesaid water licence is appurtenant.

The conditions relative to the rights granted under this permit are printed on the back of this form.

Issued the 5th day of August, 1958

Deputy Minister of Lands.

Permit No. 4429

THE GOVERNMENT OF
THE PROVINCE OF BRITISH COLUMBIA

DEPARTMENT OF LANDS AND FORESTS

Permit under the "Water Act" Authorizing the Occupation of Crown Land

British Columbia Electric Company Limited, of 970 Burrard Street, Vancouver 1, B.C.

the holder of ~~a~~ water licences authorizing the diversion of water from Bridge River

is hereby authorized to occupy by constructing, maintaining and operating thereon the works authorized under the said water licences and any licences which may be issued in substitution thereof

the following Crown land, namely:— Access roads right-of-way crossing unsurveyed vacant Crown lands and parts of Lots 237, 955, 1547, 2752, 2753, 2757, 2758, 2760, 2761, 2763, 3127, 3152, 3237, 4714 and 4803 as shown coloured green on Plan 3545 (A-9) on file in the Water Rights Branch, Department of Lands and Forests, Victoria, B. C. (B.C. Electric Plan No. X-45214, Sheets 1 to 7), being 72,900 feet in length and 30 feet in width

having an area of 50 acres.

And, subject to the payment of royalty, stumpage, and other compensation as provided under Condition 5, is authorized to cut and remove from the said lands any timber, the removal of which is necessary to permit the construction of the said works.

Microfilmed (10.1.73)

There is payable in respect of this permit an annual rental of $25.00, which is subject to alteration at any time. Failure to pay the annual rental will render this permit subject to cancellation.

This permit is appurtenant to the land to which the aforesaid water licence is appurtenant.

The conditions relative to the rights granted under this permit are printed on the back of this form.

Issued the 2nd day of March, 19 59.

THE GOVERNMENT OF
THE PROVINCE OF BRITISH COLUMBIA

DEPARTMENT OF LANDS.

Permit under the "Water Act," Authorizing Entry upon Crown Lands.

The Director of Indian Affairs, of Ottawa, Canada,

being the holder of Final Licence No. 10611

is hereby authorized to enter upon, use, and occupy a right-of-way of the following dimensions:—

Occupied Crown lands: Length, feet; width, feet; area, acres;

Unoccupied Crown lands: Length, 9,200 feet; width, 15 feet; area, 3.17 acres;

across the Crown lands known as District Lots 1578 and 1595,

which right-of-way is shown approximately on the plan attached to the said licence.

And is authorized to cut and remove from said Crown lands such timber only as is necessary for the construction of works for use of the water authorized to be used under the said licence, such authority being subject to the royalty as provided for under section 53A of the "Forest Act" and to the payment by way of stumpage as may be determined and collected by the Forest Branch.

There shall be payable under this permit on the date hereof and annually hereafter an annual rental which until altered shall be --, and unless the said annual rental is paid punctually this permit may be cancelled without notice.

The further terms and conditions under which this permit is issued are printed on the reverse side of this form and are made a part thereof.

Issued this 15th day of April, 1939.

H. Cathcart
Deputy *Minister of Lands.*

Permit under the "Water Act, 1914," authorizing Entry upon Crown Lands.

WHEREAS H. Graham, in trust, for the Indians of Seaton Lake Indian Reserve No.1 whose post-office address is Lytton, B. C. *F 10 612* being the licensee under Conditional Water Licence No. 5272, has by his petition to the Minister of Lands, pursuant to section 92 of the "Water Act, 1914," dated the seventh day of July A.D. 1921, petitioned for a permit to enter upon certain lands hereinafter described, the same being unoccupied Crown lands held in the right of the Province, for the purpose of constructing, maintaining, and operating thereupon the works authorized under said licence, and which petition is accompanied by a plan or sketch satisfactory to the Minister, showing, together with the petition, the number and principal terms of said licence, the nature of the easement required, and the dimensions, area, and location of the right-of-way:

Now, therefore, in pursuance of the "Water Act, 1914," this permit is issued hereby authorizing the licensee for the time being under the above-mentioned licence (hereinafter called the "licensee") to enter upon, use, and occupy the said Crown lands which are hereinafter described, for the purpose of constructing, maintaining, and operating the works so authorized under the said licence, subject to the following terms and conditions:—

1. The lands which may be entered upon, used, and occupied, and the character of the works to be constructed, maintained, or operated thereon are: the unoccupied Crown Land set out herein.-
The length of the right of way required is 1180 feet.
" width " " " " " " " 15 "
" area " " " " " " " .41 acres
the works to consist of a flume and ditch.
which are further shown on the exhibit marked "A" which is attached hereto and forms a part hereof.

2. The period during which the authority granted under this permit may be exercised, unless sooner terminated as herein provided, is twenty years, subject, however, to renewal at the end of the said term under the laws and regulations then in force.

3. There shall be payable under this permit on the date hereof and annually hereafter, at the office of the Comptroller of Water Rights at the City of Victoria, whether demanded or not, a rental fee (clear of rents, royalties, tolls, or charges levied for the use of the water, and of all taxes, Provincial, municipal, or otherwise, and whether of landlord or tenant and outgoings whatsoever) as may be fixed by or under

Form 1020A, W.R.B.—500-5-15.

any rules and regulations respecting the entry upon, use of, or occupation of the said lands made from time to time by His Honour the Lieutenant-Governor in Council under authority lawfully vested in him. The said rental fee until lawfully altered shall be $1.00

4. This permit gives the licensee the right to cut or remove from said lands such timber only as is necessary for the construction of the said works thereon under said licence and subject to the payment by way of stumpage ~~or royalty~~ at the rate of $1.00 per one thousand feet board measure, and royalty as provided for in the Timber Royalty Act and Amendment. the same to be determined, paid and collected according to the provisions of the "Forest Act" relating to the collection of royalty.

5. This permit and the exercise of the rights granted thereunder are expressly conditioned upon the following matters and things:—

(*a.*) The punctual payment of the said rental fee at the respective times and in the manner aforesaid; provided that in the construction of this permit, rent not paid in advance shall for all purposes be deemed to be rent in arrear, and shall carry with it all incidents and remedies attaching by law to rent in arrear, and the said rent, and each instalment thereof, shall be deemed overdue if not paid at the time in that behalf hereinbefore appointed, and that without demand.

(*b.*) The observance of all and singular the provisions of the land laws and water laws for the time being of the said Province, and the rules and regulations made thereunder, and of the water licence in respect of which this permit is granted, or any final or other water licence issued to replace same.

(*c.*) In case this permit is found to have been issued to a person who is not entitled to such a permit under the terms of the said "Water Act, 1914," or to have been obtained through fraud or misrepresentation in connection with the application upon which the same was issued, or if the licensee shall fail to fulfil, keep, and observe all and singular the payments, conditions, and stipulations herein, or in the said Act or the rules and regulations made thereunder, contained, or any of them, it shall be lawful for the Minister of Lands of the Province of British Columbia, his agent or servant, on behalf of the Crown, upon thirty days' notice to that effect signed by him, or by any person authorized by him in that behalf, and delivered to the licensee, or published for four consecutive numbers of the British Columbia Gazette, absolutely to forfeit all the rights and privileges authorized or held hereunder, or so much thereof as shall be specified in that behalf in any such notice; and thereupon this permit and all the rights and privileges authorized or held thereunder shall, so far as in accordance with such notice, cease, determine, and be of none effect, without any other proceeding whatever.

(*d.*) This permit shall have the effect only of a permit issued under section 93 of the said "Water Act, 1914," and the easements, rights, and privileges of the licensee in respect of the said lands thereunder shall be construed as subject always to all the provisions of the said Act and amendments thereof and all rules and regulations from time to time made thereunder.

Issued this seventh day of January, ~~191~~ 1922.

FOR WATER RECORDER STAMP

CLINTON, B.C.
JUN 11 1985
WATER RECORDER

Application for a Water Licence

WATER ACT

(Section 8)

I/we BRAD OLEMAN
(Full name or names, if land owned jointly.)

of Gen. Del. Shalalth, B.C.
(Mailing address.)

hereby apply to the Comptroller of Water Rights for a licence to {divert and use / store} water out of Tsee Creek
(Name of creek, lake, or spring.)
which flows South
(Direction of flow.)

and discharges into Seton Lake and give notice of my application to all persons affected.

The point of diversion / The storage dam } will be located at 1200 ft from BC Hydro Line
(Give distance and direction from some surveyed or known point.)

The quantity of water to be diverted or stored is 250 gpm
(Cubic feet per second, gallons per day, or acre-feet per annum.)

The purpose for which the water will be used is crop irrigation

The land or mine on which the water will be used is Lot Slosh I.R. No: 1
(Full and correct legal description.)

A copy of this application was posted on the 6 (Day.) June (Month.), 1985

at the proposed point of diversion or site of the dam and on the land or mine where the water is to be used

and two copies will be filed in the office of the Water Recorder at Clinton British Columbia.

Objections to this application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C. V8V 1X5, within thirty days of the serving of a signed copy of the application.

MINISTRY
OF ENVIRONMENT
JUN 14 1985
Water Management Branch
Victoria, B.C.

Brad Oleman
Applicant.

By ____________________
Agent.

____
Agent's address.

IMPORTANT

Every applicant must do the following:

(1) *Post the application on the ground;* that is, in conspicuous places at or near the proposed point of diversion, site of the dam (if any), and place of use.

(2) *File two copies with the Water Recorder* in whose district the point of diversion will be, within twenty days of the posting on the ground.

(3) Within ninety days of the posting of the application on the ground, serve signed copies on all owners of land or mining property that will be affected physically by the proposed works or by the operation or utilization thereof, and on all licensees or prior applicants whose points of diversion are at or below the applicant's proposed point of diversion.

All copies must be signed and completed by filling in the blanks in the above form; and, in addition, the two copies filed with the Water Recorder must contain a sketch showing the applicant's land, the location of the point of diversion and the dam (if any), and all land touched or crossed by the works, and the additional information indicated on the other side of this form.

Both sides of the two copies filed with the Water Recorder must be fully and correctly completed or the application may have to be returned.

It is advisable to file the application with the Water Recorder as soon as possible after posting it on the ground because the date of filing will, in most cases, determine the priority of the licence that may be issued.

PC

NOTE.—This sheet need only be completed on the two copies of the application filed with the Water Recorder.

To the Comptroller of Water Rights:

In [illegible]port of my application for a water licence I submit the following information:—

(1) My title to the place of use is renter/owner
(Whether registered owner, agreement holder, pre-emptor, etc.)

(2) The proposed works will be dam and pipes for irrigation
(Give general description—pump, pipe, ditch, etc.)

(3) The dam to be constructed will be a earth (Type.) dam, and will be 3 feet in height, and 15 feet in length.

(4) The maximum area of the reservoir will be 10 acres.

(5) The depth of storage at the dam, from bottom of sluice-pipe to crest of the spillway, will be 1 feet.

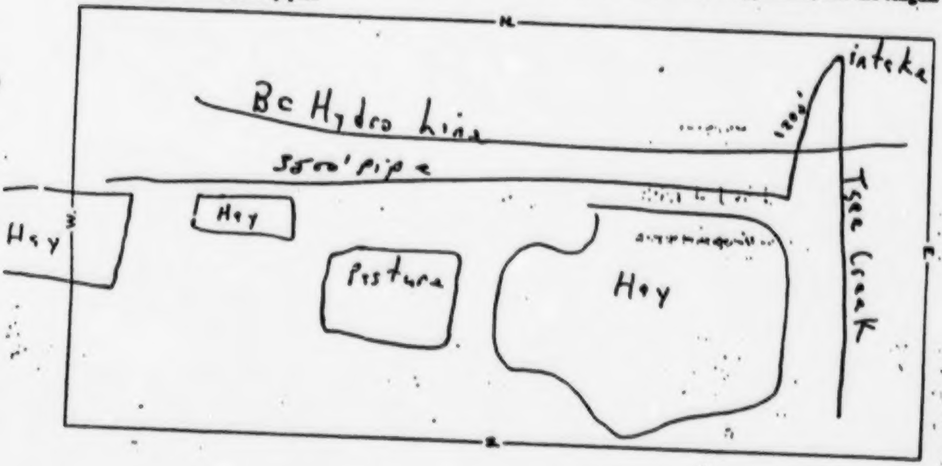
(6) The head of water to be used will be ______ feet.
(For power and hydraulic mining only.)

(7) The area of land to be irrigated will be 26 acres.

(8) [✓ (a)] The works will be entirely on my own property, or
[✓ (b)] The works will affect physically the property of the following owners:—

Name of Owner, Including the Crown	Legal Description of Land	Area Required for Works	
		Length	Breadth
Harold Wm. Oleman Mrs M. Oleman	Slosh IR No 1		

Sketch, showing applicant's land and all other land touched by the works or flooded, also the location of the point of diversion and other works, including buildings to be served with water, if applicable, and the lengths of all ditches, flumes, and pipes.



Applicant.

Agent.
